# Care Away from Home

## In the U.S.

### MEDICAL CARE

As a Health Net HMO or POS<sup>1</sup> member, you're covered for emergency or urgent care services without prior authorization when traveling.

1. Get the emergency care you need:
  - If you have an emergency while traveling, call **911** or go to the nearest emergency facility. Examples of emergency conditions are shortness of breath, excessive bleeding and severe pain to body parts or organs.
  - If you don't have an emergency but still need care – say for a sprained ankle or high fever – an urgent care center is your best bet because your out-of-pocket costs are often lower.
  - Contact your physician group or primary care physician (PCP) prior to seeking care if possible.

2. After receiving care:
  - Call your physician group within 48 hours. Identify yourself as a Health Net member and explain what has happened. If you don't contact your group, you may not be covered for any follow-up care you may require.
  - Follow the instructions your physician group gives you for additional care.
    - **HMO members:** You will need authorization for any follow-up care the out-of-area treating physician may recommend.
    - **POS1 members:** You need authorization for any follow-up care in order to be covered at the Tier 1 (in-network) level. However, you may choose to use your out-of-network benefits for follow-up care while traveling.
  - Keep a copy of all itemized billing statements you receive for your out-of-area care. You will need to submit these to Health Net for reimbursement.

### PHARMACY

If you have prescription drug benefits with your Health Net plan, you can fill covered prescriptions at any Health Net participating pharmacy in the U.S.

- Pay the same copayment (if you have one) that you do at home.
- There are no claim forms to complete.
- To find a participating pharmacy, call Health Net at the number on your ID card or go to **www.healthnet.com** (Group members) or **www.myhealthnetca.com** (Individual & Family Plan members).

### PRESCRIPTIONS – FILL BEFORE YOU GO

Get up to three months of maintenance medications by using our convenient mail service pharmacy program. Call or have your doctor call **CVS Caremark** directly at **1-888-624-1139**. Be sure to request refills at least three weeks in advance of your departure date to ensure you receive your medication

### Travel note!

Prescriptions filled at a nonparticipating pharmacy may be covered in an urgent or emergency situation. You'll pay for the prescription and then file a claim. Attach the pharmacy receipt that comes with your prescription and the sales receipt to the claim form, and make a copy for your records.

<sup>1</sup>POS (SELECT and EOA products)

## International

Health Net covers you for emergency or urgent care services received from licensed providers or treatment centers anywhere in the world. Be sure to contact your PCP as soon as possible. Follow his or her instructions regarding follow-up care.

If you need to talk with our **Customer Contact Center, AT&T's USADirect service** makes it easy. Here is how it works:

1. Dial the **AT&T USADirect access** number for the country you are calling from (visit **[www.usa.att.com/traveler](http://www.usa.att.com/traveler)** for a list of country access codes).
2. After the prompts, dial toll-free<sup>2</sup> **1-800-552-3971** to be connected to our main customer service system.

### Travel note!

Depending on the type of provider you use, you may have to pay your copayment or the full amount for services received and then file a claim with Health Net for reimbursement. Be sure to request an itemized statement and medical records from the hospital or other medical provider at the time services are rendered. It is difficult to get this information after you get home, and you'll need it to file a claim with Health Net for reimbursement.

<sup>2</sup>Calling U.S. 800 numbers may be toll-free, or AT&T USADirect charges may apply. AT&T USADirect is not available from all international countries.

# Claims: When to File

You'll need to file a claim for reimbursement if you received emergency care from a health care professional not participating with Health Net or one outside the Health Net service area.

## Claims for services received in the U.S.

Here are some helpful tips for efficient filing of claims while traveling away from home.

1. Take the medical and prescription drug claim forms with you – just in case there isn't a Health Net provider at your destination. Completing the form(s) at the time you receive service will speed the reimbursement process.
2. Make a photocopy of the itemized statement from the doctor or facility for your records.
3. Include the original itemized statement and proof of payment (in U.S. dollars) with your claim form. "Proof of Payment" includes, but is not limited to, a copy of the credit card charge slip, a cruise ship statement or canceled checks.
4. Mail claim forms within 90 days of service date to Health Net.  
**Important:** Claims filed more than one year from date of service will not be paid.

## Claims for services received internationally

Follow the same steps as for domestic claims, but also include the following information when you mail your claim:

- Name of country and currency used.
- The Foreign Claim Questionnaire is a section of the Medical Claim Form which must be completed in order to explain the nature of the emergency.
- In order to expedite your claims, all claims documentation (procedures, drug names, medical records, etc.) must be in English. Health Net cannot process claims with information in other languages.  
**Tip: Request documentation in English, if possible, or get forms translated to English before submitting your claim.**
- Proof of payment (credit card statement, canceled check), receipt and legible provider statement showing zero balance are required for all member reimbursement requests.

## Travel quick tips
